## On the front

Substance abuse is not a campus-centered problem but one that impacts the entire community. In particular, they should be held separately from adults unless it is considered to be in the child's best interests not to do so, in accordance with Article 37 c of the UN Convention on the Rights of the Child.

## Reflection on My Ability as a Teacher of Special Needs...

Alcohol, tobacco, and other drugs used in American colleges and universities represents a public health problem of critical proportions. There are several technical definitions offered by various health and education sources.

## Vocational education

BIBLIOGRAPHY B ACHMAN, J ERALD G. Having drawn from the existing professional literature and the results of the current study, we submit that future research would further inform human service professionals how perceptions of mental and physical disabilities affect provider behavior and effectiveness. The demographic data requested of participants on the survey included current professional position, level of education achieved, race, gender, age, and years of experience in their field.

## Development of Inclusive Education in England: Impact on Children with Special Educational Needs and Disabilities

Special attention will be paid to the training of educational planners, administrators and heads of institutions. W ECHSLER, H ENRY; D OWDALL, G EORGE W.

## **Vocational education**

It is essential to understand and recognize the LD as they might occur within the varying disability categories as well as different cultural and linguistic groups. Many children with LD struggle with organization, attention, and memory.

### **Article 14**

OSERS News in Print, 3, 2-6. The metropolitan municipality of, the most populous city in Turkey, offers year long free vocational programs in a wide range of topics through ISMEK, an umbrella organization formed under the municipality.

## **11 Salient Features of National Policy on Education (1986)**

From this time forward, education became a marketable commodity bound up with performativity and accountability Bobbitt,.

### **On the front**

Evaluation emphasises the broad personality changes and major objectives of an educational programme. A crucial feature of the training package which accounts for about 60% of publicly funded training and almost all apprenticeship training is that the content of the vocational qualifications is theoretically defined by industry and not by government or training providers.
