There are techniques within the MCMAP syllabus from Krav Maga, Brazilian Jiu Jitsu, Eskima, and good old wrestling just to name a few.

USMC Close Combat by FWSMC

World War I was the first modern, mechanized, global conflict in history, and the Marines were at the forefront. Bergdahl was freed by the Taliban in May 2014 in exchange for five Guantanamo Bay detainees, a swap that only added to the controversy in that the Obama administration seemed to be negotiating with terrorists and also seemed to be attempting to make a feel-good story out of something that had dubious elements. Featuring detailed line artworks to illustrate how amphibious landings were made and the tactics of small Marine units once ashore, Fighting Techniques of a US Marine illustrates why the Corps was such a powerful force in the Pacific theater, in battles such as Okinawa and Iwo Jima.
