When George Nissen, one of the creators of what we currently know as a trampoline, came across the word in the 1930s, he embraced it as a trademark.

Weaning and Management of Weanling Horses

The other principal worry that will come to mind is the quantity of weight a waterbed might be putting onto your bedroom floor. Books in this series are written by breeders, trainers, veterinarians and other pet-care specialists. The only fish that has survived with them is a medium sized common pleco, all others have become meals for the piranhas.
