## Autonomous communities of Spain

Percentage of public school students who were English language learners, by state: Fall 2017 NOTE: Categorizations are based on unrounded percentages. IB HOTA 3rd period English vs. The brutal practices of the conquistadors known as the Black Legend, as recorded by the Spanish themselves, were applied through the encomienda, a system ostensibly set up to protect people from warring tribes as well as to teach them the Spanish language and the Catholic religion.

## A Visual Comparison of Different National Layouts on a Computer Keyboard.

Both the Spanish and the English had different colonies which had different climates and were surrounded by different landscapes.

## Comparing Settlement Patterns: New Spain, New France, New England

Some of the English people were atheists and some did not follow the Church of England; they were prosecuted and unwanted which caused them to depart in search of a place where they could follow their own religion. One of the most devastating diseases was smallpox; other deadly diseases included typhus, measles, influenza, bubonic plague, cholera, malaria, mumps, yellow fever, and pertussis whooping cough. Colonial expansion under the Spanish Empire was initiated by the Spanish conquistadors and developed by the Monarchy of Spain through its administrators and missionaries.

## The Significance of Spanish Colonial Missions in our National Story and our Common Heritage with Spain, Mexico and Latin America (U.S. National Park Service)

Indentures: company paid for passage in return for 7 years labor.

## The Condition of Education

A, and many Caribbean islands. With the inventions of more efficient ships and the perfection of navigational instruments, the Spanish as well as

England and France gained a curiosity to explore and find a way to Asia by water and avoiding the land paths, and were the first to explore the discoveries of the Americas.

### **Why English should be the official language of the United States**

Beyond houses were common pastures, woodlots, and private holdings assigned to each family based on military rank: 106 acres for common folk, 2200 for officers; nobility even higher. Areas in the Americas under Spanish control included most of South and Central America, Mexico, parts of the Caribbean and much of the United States. It gives you access to a small but very interesting country and lets you speak with words that have been in use for 2500 years.

### **An Easy Comparison Of The English To Spanish Alphabet**

Here is an example of it in a sentence: Vamos al mercado is used instead of Vamos a el mercado. A third objective was to acculturate the natives to Spanish cultural norms so that they could move from mission status to parish status as full members of the congregation.

### **Spanish Armada defeated**

Most of the spanish speakers in the world today live in these formerly colonised regions. In a decisive battle, the superior English guns won the day, and the devastated Armada was forced to retreat north to Scotland.
