The Great British Dig: History in Your Garden is a lovely reminder of the history beneath our feet

In Underground, Will Hunt explores the subterranean world in all of its historic and psychological grandeur. Late Woodland Period AD 900—1650.

THE STORY BENEATH OUR FEET

Opened in 1989, Easley Elementary School occupies 71,000 square feet on a 19-acre campus and has an official capacity of 522 students. It's a highly entertaining and quick read. Raymond then went into a room by himself while they stayed out in the hall.

History Beneath Our Feet

It reminds us that history is beneath our feet; that people were going about their lives in the place where you are now, hundreds and thousands of years ago. After the author shares his first adventure under his childhood home in Rhode Island he moves on to underground adventures around the world.
