Federal Ministry for Economic Affairs and Energy.

EDF in Germany

The top 10 exports of Germany are vehicles, machinery, chemical goods, electronic products, electrical equipments, pharmaceuticals, transport equipments, basic metals, food products, and rubber and plastics. Further information is provided below. In an effort to help retain East Germany as a state, the East German authorities eased border restrictions, but this actually led to an acceleration of the Wende reform process culminating in the under which Germany regained full sovereignty.

Why do we call Deutschland Germany?

PDF from the original on 28 October 2020. The , created during the , is attributed to a German site.
