These are the disenfranchised masses looking for bread and circuses so famously described in Juvenal's satire, and Pilate is no more than a figure of fun to them, a circus.

## **What Does the Bible Say About Pontius Pilate?**

Other scholars have cast doubt on any link between Pilate and Sejanus. The trial of Jesus followed the standard procedures of Roman provincial trials *cognitio extra ordinem*. He seemed to have quite a popular following, and he had done some pretty amazing things — miracles the people call them — but I am skeptical of such fantastic stories.

## What does history tell us about Pontius Pilate?
