The currency is the New Zealand dollar. The North Island was formed by the sliding of the Pacific tectonic plate under the continental Indo-Australian Plate, leading to significant volcanic activity throughout the island.

## Oceania

The Treaty is also important as a reference point for the settlement by the Crown of grievances with various Maori iwi tribes over the unjust loss of land or access to natural resources.

Also, some of the factors that kept Australians at home in previous years — the Sydney Olympics and the outbreak of foot and mouth disease in the UK — are less relevant. Museums and art galleries In Australia, significant museum collections were developed in the States and Territories in the 19th century before many of the national institutions were established, hence there are a number of nationally significant museums in the regions. The majority of intermediaries are small — 97% employ fewer than 20 persons.

## South Pacific Handbook

The organisation of tourism in the region showcases some of the best practice available worldwide.
