**The Great Human Diasporas: The History of Diversity and Evolution (Helix Books) by Luigi Luca Cavalli**

Most of all I was impressed by the way that personal opinion was clearly stated and not disguised as fact.

In recent years, reported racial disparities in IQ scores have been the subject of raging debates in the behavioral and social sciences and education. I seem to remember that his suggestion, that the Neanderthal specimen that looks most primitive was actually diseased I'm paraphrasing and may not be doing so
