

Integrated biology

Chapman and Hall - IGB3S

Description: -

-Integrated biology

-Integrated biology

Notes: Biology.

This edition was published in 1971

Filesize: 51.97 MB

Tags: #Molecular #& #Integrative #Biology #(B.S.)

IB/OEB

Our interest is not limited to basic studies. We have strengths in developing cutting edge computational and quantitative approaches that we apply to many physiological systems, which has enabled discoveries in how molecules, cells, tissues, and organisms solve the problem of biological communication, which is essential for life.

Integrated Bioscience

Previously offered as ZOOL 4700.

Integrative Tumor Biology: Institut Curie, Immunology and Environment

Previously offered as ZOOL 5343. Description: Biochemical basis of development with emphasis on gene regulation.

Home

Terms offered: Spring 2021, Fall 2020, Spring 2020 Sophomore seminars are small interactive courses offered by faculty members in departments all across the campus. Topics covered include cellular neurobiology, neuronal signaling, neural development and plasticity, comparative neuroanatomy, and neurobiology of complex brain functions such as sensory processing, arousal, emotions, learning, and memory. Oski June 17, 2011 yogurtpark - I agree, 100%.
