Distances

If you are new to long distance trails or not sure if you are fit enough, this is a good way to ease yourself in as while on one hand you are in perfect rural countryside in reality you are never that far from civilisation! The dyke at present, does not go over the mountains, and sticks specifically to the Hatterall Ridge. The daily mileages quoted are average trail miles only and do not include the distance from the trail to your accommodation.

9781854106711: Offa's Dyke Path South: Chepstow to Knighton: 1 (National Trail Guide)

Please refer to Tripadvisor's photo posting guidelines. The book may have minor markings which are not specifically mentioned.

Offa's Dyke Path in Autumn — Contours Walking Holidays

Below are the additional costs that may apply depending on your requirements.

Walk Offa's Dyke Path in 12 to 16 days — Contours Walking Holidays

Savings on tours and activities. There are also typically two direct coaches leaving London everyday.
