What's So Great About American World Leadership?

Improving the strategic acumen of our foreign policy calls for introducing steadier strategic calculations of the long run national interest and more flexible responses to changes in the international political environment.

Methodologically, he tries to teach us that we cannot study either the systemic relations of states or the varieties of state behavior in isolation from each other.

Strengthening the liberal world order

The costs of military actions — in lives, treasure, and lost legitimacy — is greater than neo-conservatives realize. The leaders of some nations and more than a few people around the world disagree on this hierarchy of values.
