[Book] Reason in Revolt: Marxist Philosophy and Modern Science

As we have seen already, there are many different ideas on the subject. Meanwhile, the Asian human species *Homo erectus* was , giving rise to all later hominin species. A black hole and a singularity are not the same thing.

Escape from Reason: A Penetrating Analysis of Trends in Modern Thought by Francis A. Schaeffer

In short, he anticipated both Jules Verne and H.

[Book] Reason in Revolt: Marxist Philosophy and Modern Science

The trouble is that nobody knows what it is! The one supremely important vertical relationship of man to God, which absorbed all the attention of men of the Middle Ages, was eventually replaced by a network of horizontal relations connecting every individual to his social and physical milieu.

Reincarnation: Will You Live Again?

In this final part we will look at what is called 'Modern Philosophy' and some of its main exponents. Matter is boundless, both at the subatomic level, and with regard to time and space.

philosophy of science

He firmly rejected religious mythologies that accorded humankind a special place in the scheme of things, but he could not accept the implication of his materialism, which is that human life has no cosmic value or meaning. But our problems are our problems.

philosophy of science

There we must leave the subject of Hylozoism, which is only one branch of the complex tree of Philosophy which we have endeavoured to introduce to you in this three-part investigation.
