Sweet Candy Company has been making taffy, milk chocolate and dark chocolate orange sticks, and cinnamon bears for 125 years. I take extra steps like candying fresh orange peel for my 72% candied orange bar and roasting and grinding whole hazelnuts for my dark chocolate hazelnut truffles. For other destinations including international, shipping cost is calculated at checkout.

### Maine Chocolate & Chocolate Gifts

About Our Chocolates, Candy, and Sweets We have a huge selection of treats that will delight any sweet tooth! The health and safety of our team continues to be a guiding principle at Sweet Candy Company and after months of consideration we have decided to permanently discontinue public tour and store activities at our facility. The main focus is on the bonus options, because it is precisely in this area that there are differences between what is promised and what is true in some online casinos.
