### Deadly Perfume by Gordon Thomas

Last medically reviewed on June 24, 2019. Modern versions of rumors about seven women being killed by smelling perfume samples sent by mail are almost identical to earlier accounts.

### Deadly Perfume by Gordon Thomas

They returned with a third man. The girl's sigh was followed by the sound of them wriggling closer to the clearing. These alcohols are toxic, and may cause symptoms if swallowed in amounts greater than 30 milliliters.

### 7 Women Dead From Inhaling Scents, Perfume Samples Sent by Mail

They were expertly using the shadows and sounds of the jungle to cover their approach.

### Deadly Scent: Toxic Perfume Chemicals

That, and his massive head, topped with a shock of fair hair still without a trace of gray. There was no way Morton could head them off.
