He not only does a great job explaining the speeches, what they mean to him, and what he thinks they can mean to others, but also gives wonderful descriptions of how nervous he was to give individual speeches and the work he did to overcome these nerves. Following his near death encounter in South America and the book it caused him to write, Alda ponders on the meaning of life. Alda talks about his political concerns, passionately, but doesn't shove his beliefs down your throat.
