Beyond the Culture Wars: How Teaching the Conflicts Can Revitalize American Education by Gerald Graff

We commend peace officers who daily confront violence with fairness and courage and we support those who minister to them and their families.

Culture and Conflict

Moreover, he is deeply skeptical about the efficacy of professionalism, particularly the kind that makes it so difficult for academic specialists to write intelligibly for a general audience. Our son had a place near the very front of the line, shielded from the meritocracy at its most ruthless. The critique widened, too: Educators argued that the tests were structurally biased, even racist, because nonwhite students had the lowest scores.

Beyond the Culture Wars: How Teaching the Conflicts Can Revitalize American Education

The school had delicious attributes. Slaves did not arrive in the U.

Cultural Conflicts in the Covid

In the spring of 2014, 250 children were kept from taking the tests. The essential task is to bring meritocracy and democracy into a relation where they can coexist and even flourish. Friends had pulled their kids out after second or third grade, so when we took the tour we insisted, against the wishes of the school guide, on going upstairs from the kindergarten classrooms and seeing the upper grades, too.
