Bernard, Susan 1948

Offer extra attention when your child behaves well. As a wife, mom, and former coordinator of a food bank youth nutrition program, she knows the importance of diet for growing children. Rookie Moms is the blog for those deep in the trenches of new motherhood, covering everything from newborns to preschool age.

Temper tantrums in toddlers: How to keep the peace

Use letter-shaped magnets to build words on your refrigerator door.

Bernard, Susan 1948

Baby Boy Bakery is a blog about all aspects of momhood, including kid-friendly recipes, personal stories, and ideas for fun family time. Don't give your child toys that are far too advanced for him or her. This is a great space for moms looking for budgeting advice, meal prep tips, and exciting ways to celebrate the holidays with your kids.

If your child begs for toys or treats when you shop, steer clear of areas with these temptations. Shouting at a child to calm down is also likely to make things worse.

Best Mom Blogs of 2020

If you reward tantrums with something your child wants — or you allow your child to get out of things by throwing a tantrum — the tantrums are

likely to continue. Melissa helps you get food on the table from quick and easy dishes. The Publishers do not sponsor or endorse any TestingMom.

Preoperational Stage: Definition, Examples, Activities, More

Brandi is a wife and mother of a tween and a toddler. If your child is causing harm to himself or herself or others, holds his or her breath during tantrums to the point of fainting, or has worsening tantrums after age 4, share your concerns with your child's doctor.

The Mommy and Daddy Guide to Kindergarten: Real

Stick to the routine as much as possible, including nap time and bedtime.
