## Mariel Exodus 1980

While the Department of State was quoting ICM data as if it showed that returnees had run into little or no personal danger upon return, ICM was wary of making broad assumptions from its limited data and asserted logistical limitations to its methods, which were based on meeting short-term material assistance needs, not legal protection or human rights criteria. However, they acknowledge that even in the improbable event that the United States were to accept hundreds of thousands, this policy would not resolve the cause of the crisis. Both the Administration and Congress wanted to use the new structure of the U.
