## Overview of Economic Survey 2001

But at the same time it was recognized that no developing country can really succeed in the task of poverty reduction through its own efforts alone.

## ERIC

The survey can be viewed at: Although the data collection has recently been bundled with the HESA financial return this currently means that the survey is still much the same as previous years and is just subject to the same deadlines as HESA. Fiscal Development Large fiscal deficit has been the major source of macroeconomic imbalance in Pakistan.

## Overview of Economic Survey 2001

The tragic events of September 11 and their aftermath further exacerbated the already difficult emerging situation on the global economic scene. During the outgoing fiscal year, the length of high type roads have increased by 7. The real per capita GNP at factor cost increases by 3.

## Higher Education

The core activities of providing training remain important areas of interaction with business, and student placements with business continue to be a key means of building employability skills and linking with employers. Access to higher education opportunities will be increased by 10 per cent annually. The total out lay on health sector for the outgoing fiscal year 2001-02 is Rs.

## Knowledge Exchange Activities

During the first nine months July-March , money supply grew by 9. However, the persistence of acute shortage of water for irrigation purpose on the one hand and the events of September 11 and their aftermath on the other forced the government to revise growth target to 3.

## ERIC

Fuel and lighting component of inflation was up at 9. A rule-based fiscal policy is considered essential for achieving long-run fiscal sustainability,

maintaining fiscal discipline, and preventing potential future increases in public indebtedness.
