## Death in a Strange Country by Donna Leon

The characters of Brunetti and his family continue to deepen throughout this series.

## Death in a Strange Country by Donna Leon

All are welcome to join. I've enjoyed all the books I've read by Donna Leon, but this one really hit home--I just hope it's not true! She makes delightfully wicked little comments. Someone was going to great pains to cover tracks.

## Death in a Strange Country, by Donna Leon

This particular book is especially interesting because Leon writes about the tensions between Italians and Americans, and how the two cultures see each other. Patti pulls Brunetti off the case to work a burglary from a Grand Canal palazzo, but that—and more sinister high-level skullduggery—are predictably tied in too. Something different for Venetian Commissario Guido Brunetti, whose first case Death at La Fenice, 1992 so expertly resurrected the closed-circle whodunit.

## Death in a Strange Country on Apple Books

This is definitely an author to watch. Because of this, he was sure that his body, back and elbow appeared in hundreds of photos and videos. Write several novels in one.

## Death in a Strange Country

We might all wish to have a Paola in our lives: a wise counselor who can bring us back to earth when we get carried away or confused, not to mention creating a delicious risotto for dinner.
