Rabasa underscores that these narratives must be seen as collective verbal events rather than the recording of an individual member of the community. EMAKI AS HISTORIOGRAPHY Emaki literally: picture scrolls are historical narratives that come in a variety of forms, including stories, tales, biographies, and shrine and temple histories.

The genre was the primary venue through which the imperial court shaped its narrative of conquest, and, as Perdue suggests, the impact of the collective military narratives of the fanglve still control our perception of Qing imperial expansion. A further consequence of this new scholarship was to cast doubt on some traditional explanations for the origins of particular peoples, while generating new ones that were sometimes equally implausible.

Zeami is widely recognized as the founder of Noh. After a great deal of debate the Khalkha were ready to agree, but Galdan—leader of the Oyirod, a distinct people of partly Mongol origin to the west of Khalkha—objected, insisting that the Khalkha should submit to him instead. First, the search for Manchu identity generated a stream of linguistic, geographic, and genealogical studies.
