## The Kids Are All Right, But the Adults Are Struggling

For example, younger adults who compare themselves to other younger adults are unlikely to distort their subjective age because young adults are not a stigmatized group.

## 10 Leading Causes of Death in Young Adults

Does the behavior involve other persons? What makes giftedness: Re-examining a definition. This program is part of an ongoing effort to evaluate AIAN suicide trends, potential causes of these trends, and the efficacy of prevention programs in New Mexico , , P.

## Mental Health

Where linear regression was applied to the data in Table 3, the dependent variables were annual frequencies of gestures, attempts, and completions separately and of gestures and attempts combined among selected age groups and among all age groups combined.

## Sexual Behaviors in Children: Evaluation and Management

Ex-prodigy: My childhood and youth. I seemed to be on a rule of double mothering two children and blind folded. As early adopters of new technologies, the youth in many ways are the defining users of the digital media that are embracing this new culture.

## Underachievement in Exceptionally Gifted Adolescents and Young Adults: A Psychiatrist's View

Their deepest, most intense conflicts and anxieties arose as they became more powerful, felt more independent, had grand visions, and allowed themselves to feel charismatic.
