In game terms, Syndicates are a special kind of Allegiance that functions like mercenaries, using the game's Envoy rule to be hired into other Allegiances that match their Syndicate type. All of these gambits require you to use your valuable Tactics Tokens to unleash, however, and knowing when to take advantage of a Stratagem will be something that separates the greatest generals of the era from those that are forgotten by history.

Missing: The Other Side

Those who are unwilling to live by house rules, keep pace with the rigorous schedule, or be honest about their behavior need not apply. The epic battles taking place across the Earth are played out on a 4 x 6 table with scattered, light terrain. Combined with Allegiance, Asset and Stratagem cards, this puts all the information you need right at your fingertips.
