Could Emperor Peter I and his adversary in the Battle of Poltava 1709 - the Cossack Hetman Ivan Mazepa - be depicted in the same icon? During the course of the 16th, 17th and well into the 18th century, the Zaporozhian Cossacks became a strong political and military force that challenged the authority of the Polish—Lithuanian Commonwealth, the Tsardom of Muscovy, and the Crimean Khanate.

Against this background various petitions and projects in support of the restitution of the Cossacks appeared eg. Kapnist's project of 1788.
