In one part of the spectrum we find religious groups or persons using Zen practices or temples in religious practice otherwise having no affiliation to Zen. The general division between lay and clergy, identical to the division between those living in the household zaiko and those who have left home shukke, has changed dramatically, and a clear-cut division is hard to keep. A sōryo is, however, most often understood to be a member of the educated clergy, a priest as opposed to the monk.

Throughout his long reign, he strove, with considerable success, to strengthen the power of the king vis-à-vis the hereditary warlords aji, to enhance the ideological and symbolic authority of the king, and to build a centralized, efficient military system. They were the young linguists who rejected the former comparative methodology and were intent on introducing new scientific principles.
