**Becoming a therapist: a manual for personal and professional development by Cross, Malcolm C., 1966**

Nelson-Jones 1982 argues that, in an ideal world, counsellors would be models of the desired outcomes of their theoretical positions. It is imperative to acknowledge that every client needs to be approached and understood from their unique frame of reference and as such normative rules do not always apply to individual clients.

**EXERCISE** Anxiety: the experience of not being able to understand what has just happened or to predict what will happen next. The role of service in counselor education e. Rather than trying to impress others and bluffing their way through difficult situations, they can always acknowledge their deficits and set out to find the necessary information or answers if indeed there is an answer.

**Becoming a Therapist: A Manual for Personal and Professional Development by Malcolm C. Cross**

The implications of personal, social and political meanings attached to gender have ramifications for who you are and how you live. Therefore, program design may seem less clear during the third year in the program, as the CEDS are working independently. It says: As the training group manager, I am responsible for its people, resources and decision making.

**Bibliography for PS3506: Personal and Professional Development**

Index Note: page numbers in *italics* refer to figures, page numbers in **bold** refer to tables. Finally, we served as both researchers and participants, which we recognize as a limitation.
