### Chasing rainbows

Her only advocate is her dog.

### Chasing Rainbows by Victoria Lynne

It's a Western romance, and I loved the setting, the characters, and the plot. Chasing Rainbows is probably my least favorite of her books, though. She should be happy, but all she could think of was her Emma.

### Chasing Rainbows (1930 film)

But apart from that I thought it was pretty plausible. I like western romances, but there are just sooo many of them out there that they start to all sound the same.

### Bring Me The Horizon

In life, you either choose to sing a rainbow, or you don't.

### Bring Me The Horizon

The storyline is beautifully written and so engaging, it captivated me from beginning to end. Her father's gift to her was a little book of cryptograms for her to solve. Making you feel her characters' emotions and pulling you into the story's plot.

### Chasing Rainbows

I guessed the twist at the end was going to happen, but loved how it all played out.

### Chasing Rainbows (TV Mini

But somehow, she became a part of the legend as the Outlaw Annie.

### **Chasing Rainbows by Victoria Lynne**

But he needs information on the gang, which is only why Jake later accedes. Annie was the one who started trusting Jake first.
