The Nature of Law (Stanford Encyclopedia of Philosophy)

Plus, many companies and cultural institutions have begun streaming such content as video recordings of operas, Broadway shows, and ballets; virtual tours of museums from around the world; films that normally are unavailable online, including movies that had been scheduled to screen at festivals that have been cancelled, and more. Both also have considerable moral and empirical advantages and disadvantages, and no one in our society is inherently better suited to choose one over the other than anyone else. My decision was widely approved by the press and public opinion, neither of which could tolerate the views and practices that the expelled minister was attempting to defend.

[Paleopsych] Ha'va'd LR: The Case of the Speluncean Explorers: A Fiftieth Anniversay Symposium

Further, empiricism is in opposition to metaphysics; for instance, Hume rejected metaphysics as mere speculation beyond what can be learnt from sense experience.

Bioethics: Speluncean Explorers

If we look to the purposes of law and government, and to the premises underlying our positive law, these men when they made their fateful decision were as remote from our legal order as if they had been a thousand miles beyond our boundaries. Thank you so much for waiting.

Legal positivism

I don't see anything explicit. Second, Fuller's opinions for his five justices managed to express an extraordinary range of views, and to do so with vigor and power. My brother Foster's penchant for finding holes in statutes reminds one of the story told by an ancient author about the man who ate a pair of shoes.
