### Grades

In terms of advancing pure technical difficulty Smith and Marshall's fantastic week of climbing in 1960 doesn't get mentioned either but must rank as one of the most significant periods in Scottish winter climbing history. Crampons that fit this description are the Grivel G12 New-Matic, Petzl-Charlet Vasak, Black Diamond Sabretooth Clip, DMM aiguille and Camp Ice Rider.

### UKC Articles

Topo Tim Miller Tim Miller and Jamie Skelton notched up the first new Grade IX of the season when they made the first complete ascent of Metamorphosis on Ben Nevis. Before even leaving the car, have a clear idea of how to get to the cliff and more importantly how to get down again. The exposure is superb and with icy cracks the gear is hard won.

### Winter Climbing Grades

Learn how we train, what we eat, and how we look after our bodies in what can be a very testing environment. .

### Winter Climbing Grades

A lower technical grade would indicate a greater level of seriousness.

### Video: Dave Macleod winter climbing in Scotland

Andy School — The system I use is a pair of mitts where the front can be folded back, exposing the fingers, so that you get almost the warmth of a mitt yet still have total dexterity when you need it with no dangling mitts. . Thin turf hooks and thin feet with potential 8m ground fall.

### UKC News

It's fairly steep to start, with a decent pitch or two of ice if you're lucky with the conditions. Each winter many of us spend lots of our time climbing at this sort of level. Thanks to the following people for contributing to this article: Paul Lewis of Dan Parry of Gary Hodgson of Rocio Simens or

Ben Tibbetts of Huw Gilbert of Martin Moran of Ken Applegate of.

### **Scottish winter gear**

Furthermore, a + no - may be used to further differentiate difficulty Examples: 2, 4, 5, 6a+, 6b, 7c, 8b+.

### **Winter climbing**

When you do the same on an unfilled and unconsolidated cave pitch on a III then you have done all the hard work and the rest is probably I.
