Mississippi: the closed society [by] James W. Silver.

Early in 1963, he defended a twenty-three-year-old SNCC veteran named John Robert Zellner against similarly absurd charges. Hughes was called in to testify in connection with a libel suit against Salisbury and the Times and, moreover, was asked to bring along certain Council records there was ample reason to believe that the Council itself was also a target of the investigation. .

A message from USA TODAY NETWORK

I should know, I knew these people and grew there in that era. He has so corrupted the language itself that he says one thing while meaning another.

Mississippi: the closed society [by] James W. Silver.

Mississippi: The Closed Society is a book about an insurrection in modern America, more particularly, about the social and historical background of that insurrection.
