She was, and remained, whatever we wanted her to be. But the real reason for Garbo's reluctance seems to have been that Beaton saw in her only what he himself projected-and when he looked further, there was nothing there.

Cecil Beaton had a 30-year friendship with Garbo that was sometimes platonic, sometimes passionately sexual, and, like Garbo's relationship with de Acosta, often terribly one-sided. BIC Classification: APB; APF; BGF. For the rest of their lives, Mercedes and Beaton remained enthralled by a star who gave them little in return.

Creative Affairs: Greta Garbo and Cecil Beaton

The answer is probably a mix of these, and keep in mind that we wouldn't ask--and wouldn't have to ask--this if Beaton were a young man today, because fluid, category-defying identities that perhaps in a better world would come more easily to most of us are less stigmatized and easier to maintain than in his day, when sexual nonconformity was permitted in certain contexts but was channeled into a small number of preconceived categories. This makes the book lopsided, because Garbo's estate, if I recall correctly I now can't find the passage where he mentions this , forbids direct quotation of her letters. Screenwriter and playwright de Acosta seems to have been a sort of Pamela des Barres of the early screen set: She had serious affairs with Marlene Dietrich, Ona Munson, and numerous other actresses, though Garbo was the great love of her life. The WallBreakers hold the right to delete any comment made within articles, videos, or other media that is vulgar, offensive, or hateful. Vickers's triumph has been to weave the lives of three bisexual, egotistical monsters into an utterly enthralling narrative.
