## IUSSP Meetings and Events

Council on Health Research for Development, Geneva, Switzerland. More than 600 individuals helped to the formulate An account of these discussions, written by Joseph Cook of the Edna McConnell Clark Foundation, can be found as an annex of the report of the planning meeting held in Celigny, Switzerland, 15—17 July 1987. White's vision was to train established clinicians from developing-country universities in the science of public health and epidemiology.

## The Policy Paradox in africa1

As wastewater use can be defined as the deliberate application of urban wastewater for a beneficial purpose, it is in most cases planned, either by state agencies or farmers. Malnutrition may also have long-term effects on the health and social development of a community, and leads to both stunted physical growth and impaired cognitive development Berkman et al.

## Publications from Ghana

These three schemes were conceived to operate with different rules of origin, customs documents and compensation schemes, so it should come as no surprise that the operation of three trade liberalization schemes in the same region has created certain difficulties and impeded the development of trade between member countries.

### **Migration Remittances and Development: A Review of Global Evidence<sup>1</sup>**

International Journal of Vocational Education and Training Research. Appropriate contributions from industrialized countries should be expanded, focusing on advanced training, research, technical interaction, and participation in international partnership agreements. Certainly the separation of finance from production suggests the possibility of massive injections of foreign capital into struggling economies; however, in practice international capital only flows among industrialized countries and a handful of lower-income ones Bosworth and Collins 1999.
