There are a handful of records relating to the musical and religious activities Boden provided for its employees. The unevenness of the thread gives the réseau a cloudy appearance, and the cordonnet is, like the Brussels needlepoint, of thread stitched round the outline instead of the Alençon button-hole stitch over horse-hair. It will be found in Plate XIV.

Full text of history of the machine

Because, although some of the more deprived areas that many people over-identify with the county such as Dagenham and Harlow leave a lot to be desired, the same could be said of any post-industrial or new town anywhere in the UK.

Industry in Beeston

It can be extended without perma- nent enlargement or distortion in its shape; and consequently adjusts itself with ease to the size of any part of the body for which it has been made, and on which it is worn ; and when drawn off, returns to its former state. Old Lace Shop, Coggeshall By the 1930s, things had got so dire for the lace makers that they made a last desperate attempt to secure royal patronage in a bid to revive their fortunes.
