## Cupid and Psyche

Aeneas bids them farewell and promises eternal friendship between their two cities. The Swedes only skimmed the cream of the Habsburg collection, as the works now in Vienna, Madrid and Prague show.

## Correggio

How lucky we are at the prospect of rearing this prince of infants! Bartolommeo Manfredi's *The Chastisement of Love* 1605—1610 shows a blindfolded Cupid as a symbol of passionate love being punished by Mars for making him fall in love with Venus. The sisters embraced each other, and delightedly exchanged eager kisses. The conspiratorial pair of sisters did not even call on their parents.

## Cupid and Psyche

Though her plan was formed and her determination fixed, she still faltered in uncertainty of purpose as she set her hands to action, and was torn between the many impulses of her unhappy plight. In Latin, Cupid goes by two names that have different origins, but whose meanings are both associated with love.

## François Boucher

You never know, you may find the object of your long search in her house.

### **Orleans Collection**

Correggio, born Antonio Allegri, takes his name from his birthplace which is situated not far from Parma to the west and Mantua to the north. I'll ensure that you find your marriage sour and bitter.

### **Great Works of Western Art**

She arose, she who before was of no strength at all; she drew forth the knife in the darkness and held it in her right hand. Sparta, the famed Achaean city, lies not far from here.

### **Category: Mythological paintings by François Boucher**

The Latin poet Ovid 43—17 bce, who was best known for *Metamorphoses*, *The Art of Love* *Ars Amatoria*, and the *Remedia amoris* *The Cures of Love*, was a major contributor to the propagation of the myth of Cupid and erotic love and the personification of Cupid Grant 1995. Tell her this and take back in the casket what the Queen of Hades will give thee.

### **Eros, Cupid**

The box was at once filled and closed out of her sight, and Psyche took it. From there, Aeneas tells Dido, they were driven by a storm to Carthage; and so he ends the tale of his wanderings. But remember that the loss of either of these cakes will be to thee the loss of the light of day.
