Women's Health

Other times, using medicine is not a choice — it is needed. Please call 911 or go to the nearest emergency room if you are experiencing a medical emergency.

Women's Medicine in Rhode Island at Lifespan Hospitals

But a medicine does not always affect growing humans and animals in the same way.

What health issues or conditions are specific to women only?

It is also a good idea to discuss caffeine, alcohol, and smoking with your doctor at this time. All women who can get pregnant should take a daily vitamin with a B vitamin to prevent birth defects of the brain and spinal cord. Two out of every three in the United States are women.

Women's Health

At this visit, you can talk to your doctor about the medicines, vitamins, and herbs you use. Wear protective clothing and sunglasses and try to avoid the sun entirely in the middle of the day. That is, until we realize what previous generations actually went through.

Women's Health

This is especially important in postmenopausal women. Before you start or stop any medicine while you are pregnant, it is always best to speak with your doctor.

Women's Health

In animals, pregnant animals treated with the medicine had some babies with problems.

Pregnancy and medicines

Not using a medicine that you need could harm you and your baby.
