## A Complete Guide To All The Types Of Furniture Styles

Furniture should fade into the background, so sofas, chair and chaises are typically low to the ground and modest in scale. After she created her first garden, Diane got an extravaganza of bloom for a few brief weeks.

### Regency History: When is the Regency era?

This colorful tin-glazed majolica earthen pottery was popular in monasteries and churches in Mexico in the late 1600s and early 1700s. Scatter cushions are commonly used as a way to bring color onto neutral-toned furnishings. Windows are always left without detailed treatments so natural light can easily stream in and warm the interior.

### Interior design

Weathered woods, distressed paints and a color palette of whites and creams come together to create a warm and welcoming informal home. Instead, sofas, chairs and stools are covered in neutral colors like black, white and tan.

## Regency Design 1790 1840 Gardens Buildings Interiors Furniture by Morley John

Ceilings are typically high with whitewashed textured plaster walls. Chippendale 1750—1790 : This style was created by a cabinet-maker in London named Thomas Chippendale. The furniture is intricately carved with geometric patterns and upholstered with bright, red or green leather and decorative metal accents like brass or metal nails.

## Bridgerton Is a Bright Twist on Regency Style

Trinkets found at antique shops and flea markets are arranged on open shelving to add vintage flair and personality to the home.

## **Regency History: When is the Regency era?**

Chinese and Indian design sources.

## **Traditional Garden for an 1850s Home**

In contrast, furniture from this design period welcomes a more whimsical individualistic spirit inspired by popular culture. Shabby Chic: Originating from 1980s England, shabby chic combines worn, vintage furniture with an interesting brush and paint effects usually in white. Shaker Shaker interior design embraces simplicity and practicality.

## **Regency Design by Morley**

The project marks the beginning of the boutique-hotel era. Bold geometric patterns are frequently printed on wall sconces, ceiling mounts and lamps.
