## Moctezuma I

The enclosed room is for smaller objects that have been found during the years the site has been explored, most coming from the Pyramid of the Niches. There were local variations on each of these styles, and archeologists continue to refine the ceramic

sequence. An important pictorial and alphabetic text produced in the early sixteenth century was , named after the first viceroy of Mexico and perhaps commissioned by him, to inform the Spanish crown about the political and economic structure of the Aztec empire.
