DISCUSSION AND CONCLUSIONSAs with any argument, we are more certain of some parts than of others. Particularly during their formative years, females are more closely supervised and discouraged from misbehavior.

Gender and Evil in Crime and Punishment and The Master...

In an effort to court women voters, therefore, candidates of both parties may find it useful to champion more crime prevention policies. Knapp, State and Federal Sentencing Guidelines: Apples and Oranges, 25 U. Toward this end, ethnic and racial, and class, and to a lesser extent, gender experiences in social control are analyzed with consideration to the changing relations of inequality and the changing conditions of the socioeconomic orders.

She finds at least one case of a male defendant who acted in the kind of imperfect self-defense generally associated with female defendants.

Gender, Crime, and Punishment (Paperback)

Quite conceivably, women are more preemptive with crime because they feel more vulnerable--in ways which our instruments have not been able

to determine. What the Church did to women, witches or not, sickens me as it should sicken every conscious living soul.

Explaining gender differences in crime and violence: The importance of social cognitive skills

Elliot, Delbert, and Ageton, Suzanne. As part of our integrative analysis of class, race, and gender, we similarly attempt to explore how each of these hierarchies helps to sustain the others, and how these reinforce the types of crimes and justice we have in society.
