## Tiger has turned man

The biggest skull of a Siberian tiger from northeast China measured 406 mm 16.

## Royal Dux: Dating 150 Years of Porcelain

The ecological conditions of South-East Asia and others suffered sudden and profound changes that caused the extinction of most of the tigers and many other mammals of South Asia.

## white tiger

The hatred of the colonizers for flesh-eating beasts was not new. These populations are larger and the fur is a little lighter with wider black stripes. Numerous publications on these species there are mainly episodic and survey data on this issue are collected by different authors in selected areas which do not give a complete picture of the nature.

## Bengal tiger

Surfaces of pieces made after WW II tend to be rougher. Though it was quite far, I could make out the colour difference of the skin, through my photographs. Hua Hin Zoo in Thailand has one of the rarest animals of the world called liger.

## Assam's 'Golden Tiger' sighting: Not a sign of joy, but concern, says photographer

But the struggle was far from over.
