Wealthy counties would share their substance with poorer counties far more than in states like South Carolina, where county taxes furnished the bulk of the school.

Racism in America

But the free school idea, supported by a strong minority in the ante-bellum period, remained vigorous enough to give the state system begun during Reconstruction a considerable support among native whites. The panel was moderated by , Pulitzer Prize-winning national reporter for the Washington Post writing about the effect of racism and social inequality on health. See details for additional description.
