 Notes: Includes index.  
 This edition was published in 1977

We love shooting guns at the range. Parts of the Polish First Army also briefly used M4A2 76 mm tanks, borrowed from the Red Army after heavy losses in the conquest of Danzig. The 76 mm also differed in that successive models received a and faster.

### Gun Timeline

OL Parker DHE As one of the classic side-by-side shotguns, the name Parker carries a lot of weight. The 76 mm cartridge reduced this to 83 rounds. For those who prefer something shorter and more maneuverable for hunting or Cowboy Action Shooting, the Sharp-Tail Coach has 20-inch barrels and is made in 12 or 20 gauge with 3-inch chambers.
