Socialization in two

Journal of Research on Technology in Education, 38 4 , 409-424. This article also supports the idea of media playing and integral part of a learning environment that has interaction, social as well as with artifacts, to create understanding, much like the others in this bibliography. Theological Wordbook of the Old Testament.

The One

Excellent introduction followed by careful theological and practical commentary. A detailed theological commentary that is sensitive to Chronicles as history.

A House Divided: Children's Perspective on Divorce: Annotated Bibliography

Classic discussion of the Hebrew texts and the versions.

Annotated Old Testament Bibliography

Current, one-volume or two-volume sets explore approaches to the Bible, including the Bible and Arts T. One of the basics of web-based instructional design is making the design student-centered.

Single

Elementary schools; Kansas: Transforming the classroom. Theoretically, much of the research and observation supporting e-learning have aspects of constructivism.

Single Parent Families: Diversity, Myths and Realities

British Journal of Educational Studies, 52 2 , 138-150. Constructivism provides a platform for project-based learning, which can be one example of how educational technology is integrated into curricula today.

The One

Detailed exposition with many helpful excurses. Brief discussions from an Evangelical perspective. They provide specific examples for successful integration of student-centered learning through the use of technology as part of a framework.

Introduction.: Annotated Bibliography.

The article practically looks at the contemporary theories of learning: learner-centered, knowledge- centered, assessment-centered and community-centered. Deities in Cross-Cultural Discourse in the Biblical World.
