## Tenketsu

In order to develop personnel who will contribute to the international community, Tenri University has engaged in international exchanges since its establishment, actively supporting overseas language and cultural training, study abroad programs, and international sports events.

## Tenketsu

Since being reorganized from a language school into a university in 1949, Tenri University has developed some of the most advanced language training methods in the country, including having created the first Language Laboratory class, designed to train students in practical speaking ability. Tenri also has a long shopping arcade near the station, approximately a mile long, where you can buy many Buddhism related items due to the strong influence of Tenri-kyo.

## Tenketsu

I hope that through Japan Tourist people will come to see the real Japan and learn a little more about the Nara I have come to know that you won't really learn about in guide books. The main hall contains a Heian-era image of Amida, the first in Japan to have crystal eyes. Sister school relationships are maintained with over 30 universities in many countries; exchange programs with these institutions include collaboration in education and research, exchanges of students and faculty, and goodwill sports tournaments.

## Tenrikyō

He is given credit for creating the garden, which is centered around a large pond and designed to reflect the changing seasons.

## Tenri

The sect became popular in her lifetime, though it often met with persecution from state authorities. This same spirit has also been inherited by a wide variety of other sports at Tenri. Tenri city can be reached from either the Kintetsu line that comes from Yamato Saidaiji via Hirahata, or on

the line south from JR Nara station.
