This guide highlights the five areas that make up the Texas Coast: Southeast Texas, Houston-Galveston, Golden Crescent, Coastal Bend, and the Lower Rio Grande Valley.

Beach Water Sampling

The first component of the monitoring system is relatively simple: temperature data loggers have been set up in the mid-intertidal zone to take temperature readings every half hour. However, the random utility model, described in the next section, is a more appropriate approach for this type of estimation. The Makar Property on the Gaviota Coast is another area the Santa Barbara Chapter of Surfrider is working to protect.
