Netsuke

A striking example of this attention to detail can be seen in the small but beautiful netsuke. Because most of these early netsuke were not signed, we cannot identify the carver unless similar signed pieces have been found.

Also, due to a relatively late recognition of netsuke as an art form, most of the museum collections were formed based on a number of previously assembled prominent private collections of the time, and therefore may be limited in size and scope by the personal tastes of the original owners. Aren't all netsuke made from ivory? Plant materials are also used, including a specific vegetable ivory found in Central America, resin, and wood including fossilized wood and boxwood.
