### **Forum 3.5 // #Microsyllabus: Immigration Enforcement and the U.S.**

The United States, Mexico, and Canada have all revamped their immigration bureaucracies, increased security personnel at airports and border checkpoints, and enacted new — and highly controversial — detention and deportation procedures in order to discourage terrorists from establishing a foothold in their societies. A third lived in owner-occupied homes and close to half have furthered their education in the United States.

### **Seeking Refuge: Central American Migration to Mexico, the United States, and Canada on JSTOR**

Humanitarianism and Politics: Canada Opens Its Doors to Central America Conclusion. Beginning with the 1989 CIREFCA conference in Guatemala City, migration experts from Central and North America met several times over the next decade to discuss issues of mutual concern, including the root causes of migration, the trafficking of immigrants, the protection of human rights, and the accommodation and repatriation of refugees.
