## Wizard Jokes

Now comes a new problem, the 6yo behavior at school has become worse and I fear a factor is the example my ex sets. Unfortunately, the machine gets tampered with by Lance, Kiera, and Catalina, to Varian's frustration. It can backfire on them in some unfortunate ways.

## father was a Free Mason, he was a Grand

Like when you have been working it all day and someone walks by. In , Varian comes up with the plan to rebuild Demanitus' machine in order to banish Zhan Tiri back to the Lost Realm. Tell her every time that she goes, that she can call you if she wants, and make sure when she comes back that daddy didn't forbid her to call.

## Who Would Your Dad Be?

Always demonstrate that you are doing what you can to inform and include him so that doesn't come back to bite you one day.

## 'My father was a Freemason, a grand wizard'

He stayed clean for a bit so the courts are testing him a bit I guess.

## 'My father was a Freemason, a grand wizard'

I find that when Father's pull back it's often because they fought for more custody and lost. I begged you and this kingdom for help.

## I'm half and half. Dad's a muggle, Mam's a witch. Bit of a nast...

The truth is, all I really wanted to do was impress you.
