### 10 Most Famous Japanese Paintings

Yet, some fought full-time and rose to prominence on their own.

### 10 Most Famous Japanese Paintings

These female fighters were called onna-bugeisha. His most famous work is a series, Ten Studies in Female Physiognomy, A Collection of Reigning Beauties, Great Love Themes of Classical Poetry, which is believed to have been painted around 1800. In addition, another important find was the early Jōmon figurines which might have been used as fertility objects due to the breasts and swelling hips that they exhibited.

### 10 Most Famous Japanese Paintings

One of the most in vogue architects of this moment of contemporary Japanese architecture is Kengo Kuma, whose relationship to nature is notable in most of his work.

### 10 Most Famous Japanese Paintings

The transmission of Buddhism provided the initial impetus for contacts between China and Japan. By this time the famous Genji Monogatari. The style of craft which Rikyu favored has come to be known as.
