Introduction to the I Ching

It looks as if the book were to some degree the subject of this line. The other seven Guas changed their places accordingly. The reader will find it helpful to look up all four of these hexagrams in the text and to read them together with the relevant commentaries.

Hexagram 1 (Force (qián). The Creative)

To accept help in a difficult situation is not a disgrace. The fifth line says: The ting has yellow handles, golden carrying rings. I occasionally read it, consult it, when I want a complete and full and usually quite symbolic and mysterious reading, for it is the translation closest to the original that I have found.

Foreword to the I Ching

Indeed, in formulating my question I even invited the oracle to comment directly on my action. The advisor will then toss a set of three coins six times. Clouds and thunder are represented by definite decorative lines; this means that in the chaos of difficulty at the beginning, order is already implicit.

Une suggestion pour les personnes qui écrivent dans les commentaires : plutôt que d'écrire des choses incompréhensibles vous pourriez plutôt, par exemple : 1 ajouter un texte ou un proverbe qui illustre bien l'hexagramme ou qui va dans le même sens. The decorations he receives are justified, because there is no question of personal preferment here: the whole army, whose center he is, is honored in his person.

The Illustrated Book of Changes: I Ching

This type of oracular pronouncement is likewise the basis of the Book of Changes. Going through to the end brings misfortune. If a fortune teller on reading the cards tells her client that she will receive a letter with money from America in a week, there is nothing for the woman to do but wait until the letter comes -- or does not come.
